

GRASSE

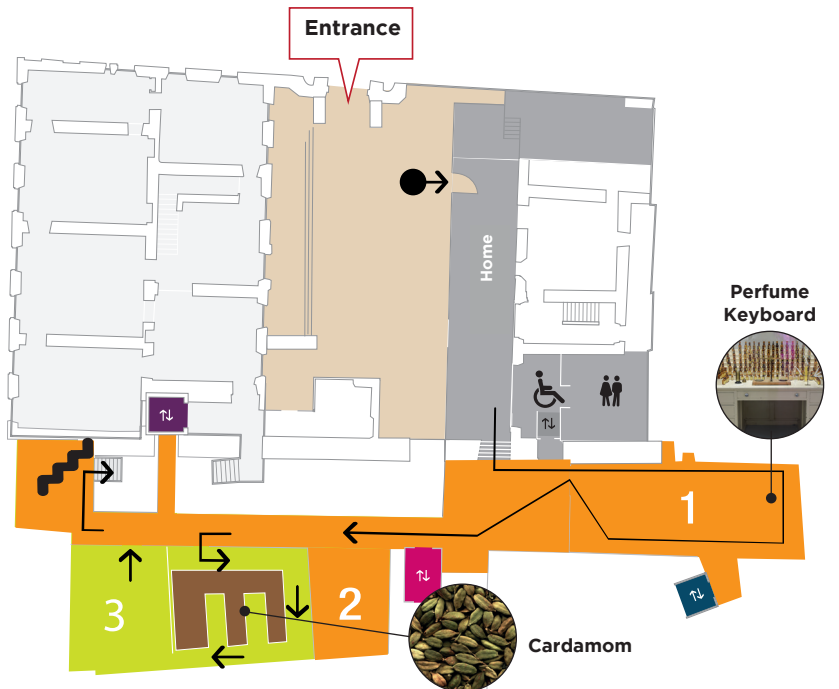

MUSÉE INTERNATIONAL de la PARFUMERIE

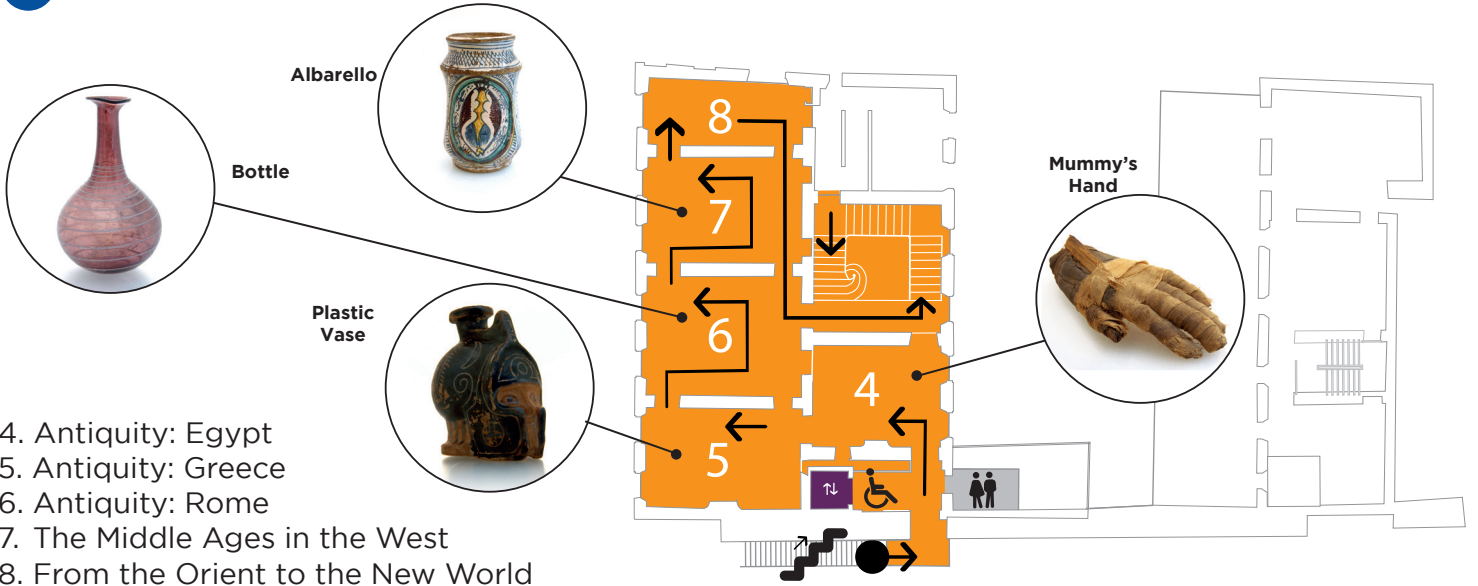

1 Entrance - From Plant to Perfume

1. How Do We Make Perfume?
2. Contemporary Art on Display
3. Plant Raw Materials - Greenhouse

2 From Antiquity to the Middle Ages

4. Antiquity: Egypt
5. Antiquity: Greece
6. Antiquity: Rome
7. The Middle Ages in the West
8. From the Orient to the New World

The International Museum of Perfumery is dedicated to the history of perfume and the development of its techniques over the centuries. Among other things, it presents objects relating to decorative arts, botany, industry, ethnography, from the masterpiece and the exceptional to the everyday object.

For people with disabilities, the pink, purple and blue lifts serve the various levels of the tour route and the temporary exhibition.

For the visually-impaired: tactile terminals, in Braille, displaying relief drawings along the route.

To improve the comfort and peace of the tour

Smoking and e-cigarette use are prohibited.

Drinking and eating are prohibited in the exhibition rooms.

Unfortunately, animals are not permitted within the museum.

Flash photography and filming are prohibited.

The museum is under video surveillance.
